

## Blackberry Wine Milkshake

### Ingredients

- 1 quart vanilla ice cream or frozen yogurt
- 1½ - 2 cups Liganore Blackberry wine
- Whipped Cream
- Maraschino cherries

### Directions

Take your favorite vanilla ice cream or frozen yogurt out of the freezer. If it's rock solid, let it thaw a little on the counter until it's scoopable (3-6 minutes).

Scoop the entire quart of ice cream into a blender and add the Blackberry wine.

Place lid on blender and blend on high until smooth (30 seconds).

Pour into 4 wine glasses, top with whipped cream and cherry; serve with a straw and enjoy!
